A BIG SQUAD

Of Candidates for the Wheeling Football Team Report for Practice—An Additional Number Will be out To-day.

An encouraging squad of players showed up yesterday afternoon for the first practice of the Wheeling football team. Considering that it was the first call, and owing to a confusion existing as to where the boys were to assemble, the turnout was highly satisfactory.

The outlook is of the brightest character for a fast team, averaging 150 pounds, and to cope with the best in this section. The fans will be pleased to learn that Will Edwards, recently returned from the Klondike, and one of the best of the famous four brothers in this family, is to play.

A definite answer for Saturday's game will be received from Bethany college to-day.

The fourth week's campaign in the Wheeling league opened with a battle between two of the three tall-end teams. Reached the date with three straight wins from De Shacks who thus go to the foot of the class without dispute.

MUSKIE LEAGUE. Table with columns: Coits, Won, Lost, Pct. Lists teams like Pelicans, Tom Moore, etc.

On the Muskie alleys last night, Captain Joe Yahn's Sanatels showed surprising strength and took the very best of the games from the Crescents.

SHARKEY AND JEFFRIES

Hard at their Training for the Coming Battle.

An unusually quiet Sabbath was spent around the Jeffries camp at Loch Arbor, N. J., and this strictly in accordance with Jeffries' expressed wish.

Before dinner Jeffries and Brady spent over an hour in pleasant conversation. Barring a little lingering soreness in the muscles of the injured arm, the champion is certainly in fine fettle, and there is no disputing the satisfaction with which Brady surveyed the exhibition.

"On the level, Jim, how do you feel?" "Oh, I'm fine; never felt better in my life," replied Jeffries. "I took a dandy run on the road toward Long Branch this morning with Tommy Ryan, and I find my wind to be perfect."

ers. In the morning Sharkey went on the road for a long walk. Sharkey has decided to take things easy until the final week, when he will resume his regular routine schedule.

O'Dea's Great Work.

NEW HAVEN, Oct. 23.—O'Dea and his kick will be historical in annals of the game at Yale. Everyone, coaches from Yale, Harvard, Princeton and Pennsylvania, all assert that no such kicking has ever been seen in New England.

Postponed a Week. ST. LOUIS, Oct. 23.—The new league stipulations, who were scheduled to assemble in New York City on next Thursday, have concluded to postpone their meeting for one week.

George Schaefer, of the St. Louis Browns, laughingly admitted that a recent accident to Jim Jeffries' left arm had a great deal to do with the postponement.

AMUSEMENTS.

Funny "Humpty Dumpty" will be at the Opera House Tuesday and Wednesday, October 24 and 25. To describe this grand spectacle is hardly possible, there is so much of it. The best that can be said is that the revival will outshine the famous productions of twenty years ago, when it was acknowledged to be the greatest attraction of the time.

A Great Play Coming.

David Belasco's great play, "Zaza," which was, with Mrs. Leslie Carter in the title role, the greatest success of the many New York hits last season, a success that overmatched Richard Mansfield's "Cyrano de Bergerac," and Miss Viola Allen's "Christian," is indeed a record to be proud of, and the record "Zaza" attained.

"A Wise Woman."

The attraction which is to appear at the Opera House Friday, October 27th next, is one of the best on the road this season and should draw an immense audience. Miss Marie Lamour, the star of the company, has a world of experience as a member of Augustin Daly's company in New York for a number of years.

"The Highwayman"

The manufacture of comic opera is an unprosperous American industry that has flourished and developed, in spite of the fact that there is no tariff on the imported article. Ten years ago, when the late John A. MacCull produced the first work of Reginald de Koven and Harry B. Smith, American comic opera was practically unknown and managers produced nothing but English, German and French importations.

Irene Myers.

Little Irene Myers, who is indisputably the cleverest child actress upon the stage, opened a solid week's engagement at the Grand Opera House last evening to an audience which crowded every available space of seating or standing room in the theater.

BENWOOD NEWS.

Local Happenings of Importance in a Busy Town.

A packed house will be the order of things at to-night's council meeting, the attraction being the truck transfer asked by the Moundsville, Benwood & Wheeling railway, or more popularly known as the Benwood Southern company.

By many people it is thought the company's petition will be granted, but its opponents will be on hand with a petition and a set of resolutions, adopted at the citizens' meeting last Friday night.

The transfer will hurt Main street business men to some extent, but advocates of the transfer claim the greatest good to the greatest number is the law that should rule. One reason for the strong opposition to the removal of the tracks is that the Wheeling company may shortly appear before the council with a similar request, the granting of which would strip Main street entirely of street car lines.

To-night's meeting will be productive of considerable feeling and it is certain to be a hot time.

Mayor Shepard disposed of a number of cases yesterday, which is customary on Monday, being the result of Saturday night's jollifications. Benwood is on its good behavior the rest of the week.

Several additional loads of brick and cement have been received for the Riverside's arch at Boggs' run. The work is progressing speedily.

BELLAIRE HAPPENINGS.

Matters of Interest in the Metropolis of Belmont County

The Young Men's Club is not discouraged by the contest at checkers with Wheeling's "Big Four." The two members of the club, Messrs. Pine and Workman, broke even in the games they played, while Messrs. Beetham and Danford were outsiders who filled the places by request, yet they lost fourteen of the eighteen games lost and won none, while the club members won four. The series next Saturday evening may be different, as there were other points that probably added to the advantage of the Wheeling players.

Judge Nash, Hon. J. J. Gill, Congressman George H. White and R. W. Taylor, the latter from McKinley's old district, will be here next Saturday evening, and a rousing meeting will be held. People from the country round about will be here, and the railroads will make special rates.
